"Initial Investment" represents an example to illustrate how an account may have performed with an initial investment of \$100,000. Individual portfolios managed by J. Dostal Investments, Inc. may be valued greater or less than \$100,000. Performance results are shown net of all fees and expenses and reflect the reinvestment of dividends and other earnings. Actual investment advisory fees incurred by clients may vary. J. Dostal Investments, Inc. maintains a list of securities included in these results and will provide the list upon request. Many factors affect performance including changes in market conditions and interest rates and in response to other economic, political, or financial developments. Past performance is not indicative of future results. You should not assume that investment decisions or recommendations we make in the future will be profitable or will equal the investment performance of the past. J. Dostal Investments, Inc. does not represent, warranty, or imply that the services or methods of analysis used by J. Dostal Investments, Inc. will mirror these performance results, or that it can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections.

The performance information presented here was prepared by an outside source, which is believed to be reliable, but J. Dostal Investments, Inc. has not verified the accuracy of the computations presented here nor has compliance with GIPS or any other standards been verified.

Benchmarks, such as Dow Jones Industrial Average, are provided for illustrative purposes only. Comparisons to benchmarks have limitations because the securities included by benchmarks probably are not the same as in the portfolio, benchmarks have volatility, and it is likely that there are other characteristics that differ materially from the portfolio also, performance results for benchmarks do not reflect payment of investment management and other expenses. Because of these differences, benchmarks should not be relied upon as an accurate measure of comparison.
